

Our Contracts

28 Federal Government Prime Contracts
(includes \$50 million BPA spot at GAO, \$300 million IDIQ spot at DFC, & AI Talent 2.0 BOA spot at DOD)

14 Unique Federal Agency Prime Contracts

10 State and Local Government IDIQs

Our Differentiators

Innovation at Speed

Our AI Innovation Lab offers clients a secure platform to build, test, and deploy emerging technologies—accelerating transformation and delivering results.

Customer-First Approach

We are trusted advisors, building deep partnerships to drive lasting client success.

Relentless Value Delivery

Every solution is designed to deliver measurable, real-world outcomes.

Thoughtful Partnerships

We collaborate with leading universities and industry associations to fast-track breakthrough innovations.

Proven Innovation Leadership

Our Chief Innovation Officer—holder of multiple patents—leads CXO-level workshops to shape bold, future-ready strategies.

Smarter Efficiency

Our automations remove friction, speed up workflows, and boost productivity where it matters most.

Top Talent, Strategically Deployed

We align certified experts to mission-critical challenges for maximum impact.

Technology Partners

Core Competencies

Emerging Technologies
(AI/ML | VR/AR | RPA)

Infrastructure & Security

Applications & Data Management

PMO & Business Operations

Cloud Services

Digital Transformation

ExpediteInfoTech AI Innovation Lab

A secure cloud platform where clients can build, test, and deploy AI/ML solutions. Proven results include 40% faster response times and 30% greater operational efficiency.

Core Capabilities

- **Crawler:** Enriches data sources.
- **Real-Time Content:** Tracks and delivers live updates.
- **Knowledge Base:** Fast, secure AI-driven insights.

Emerging Tech Tools

- **Agentic AI & ML Bots:** Autonomous agents and ML tools for task automation and predictions.
- **Voice Bots & AI Help Desk:** Real-time interaction and automated support.
- **Code Migration Bot:** Converts legacy code to modern systems.
- **AR/VR:** Immersive training and simulation experiences.
- **Blockchain & Quantum:** Secure transactions and advanced problem-solving.

Quantum Computing Capabilities

NIST Compliant Quantum Key Distribution (QKD) | Post Quantum Cryptographic Resilience (PQCR) | Quantum Cloud on Amazon | Google Quantum | Microsoft Azure Quantum | Quantum Financial Systems (QFS) | Quantum Entanglement-Based Networking | Quantum AI Modeling | Quantum Resistant Blockchain

Federal Prime Contracts

Centers for Medicare & Medicaid Services (CMS)

AI/ML | ZTA | 508 Compliance Automation - UiPath, Python | HCD | ServiceNow | Identity and Access Management | Data Center Support | Oracle EBS | Storage Management | Identity Services | Platform Support | Database Administration | Data Management | IT Quality Assurance | IT Program Management | IT Project Management | IT Training | Strategic Communications

Federal Motor Carrier Safety Administration (FMCSA)
Project Management | Jira

U.S. International Development Finance Corporation (DFC) - 2 Contracts

Salesforce | MuleSoft

Department of Defense (DOD)

Artificial Intelligence Talent 2.0 BOA

Agile Development | Cyber Analytics | Cybersecurity Risk Management | DevSecOps | Systems Maintenance and Sustainment | System Security | AI/ML Development | Applied Data Science | Testing | Administration/Operations | Graphics | Logistics | Project Management | Training

Bureau of Alcohol, Tobacco, Firearms and Explosives (ATF)

Cybersecurity | Network Monitoring | Network Support | Network Security

Federal Emergency Management Agency (FEMA)

AWS | Web Development | Java

U.S. Government Accountability Office (GAO)

ATO | Multicloud | Web Development | Java

U.S. Department of Agriculture (USDA) - 8 Contracts

Cybersecurity/ZTA | RMF | Data Warehouse | PeopleSoft Upgrade Assessment | PowerApps | SharePoint Online | Azure, DevOps, CI/CD | Policy Technical Writing | DevSecOps Platform Engineering | Data Management

National Institutes of Health (NIH) - 3 contracts

Oracle EBS Upgrade | Oracle Federal Financials | Infrastructure Modernization | IT Optimization | Oracle Cloud Implementation | Database Administration

National Science Foundation (NSF) - 2 Contracts

SharePoint Online | Power BI | Power Apps | Power Automate

Department of Education (ED) - 3 Contracts

Agile Development | Help Desk Support | Training | Information Security, ATO/ZTA | Program Management | Oracle EBS Upgrade | .NET, Open-Source Technologies | Content Management | RPA - Power Automate - Closeout Process Automation | Data Center Migration | Web Content Management | Database Administration | IT Program Management | IT Project Management | End-User Support | Strategic Communications

Federal Highway Administration (FHWA)

Project Management | Budget Analysis | Prism | Delphi | IT Project Management

U.S. Office of Personnel Management (OPM)

Mainframe to Cloud Migration Assessment

State & Local Prime Contracts

Montgomery County, MD - LCATS 3 IDIQ
IT Consulting & Technical Services

PG County Public Schools IDIQ Oracle ERP R12.1.3, R12.2.10 and SIS (Student Information System)

Maryland Health Benefits Exchange (MHBE) Project Mgmt. Support

Montgomery County, MD - MCCATS 3 IDIQ
IT Consulting & Technical Services

DC Water IDIQ
Application Development Support

Baltimore County Public Schools (BCPS)
IT Consulting & Technical Services

Maryland Judiciary IDIQ
IT Consulting & Technical Services

Baltimore CATS IDIQ
IT Consulting & Technical Services

MD CATS+ IDIQ
State of Maryland

Maryland State - Statewide Agile Resources and Teams 2024 - Functional Area 1

Certifications

CMMI DEV / 3 ISO 9001:2015
CMMI SVC / 3 ISO 20000-1:2018
ISO 27001:2022
